Counsellors Together UK - Issue 3 - January 2019

It's been a busy couple of months...

Hello and welcome back to our monthly newsletter.

We hope you all had a lovely christmas and wish you all a very Happy New Year.

Wow, what a year for Counsellors Together UK! It's amazing what our group has achieved over the last 12 months and how we have grown. We have BIG plans for 2019!

We'd like to thank those of you who have been a part of this amazing and exciting cause. We couldn't do what we do without you behind us.

To recap; current campaign work:

1. Meeting with MPs up and down the country, resulting in letters sent to the ministers for health and education (from different constituencies) about the topic of counselling and volunteering.
2. Schools counselling petition. This has been set up to encourage paid counsellors in all schools.
3. Petition to government about the lack of counsellors in the NHS. (Coming soon)
4. Launching National Counsellors Day 2019. This is to raise awareness of counselling in general so that the public become aware of the role of Counsellors and the often life saving work we do. It is also a chance for Counsellors to come together and celebrate each other.
5. Ongoing meetings with BACP regarding members rights.

There's more...

6. Promotion of the aims & objectives of our group across relevant sectors.
